## St Vincent's School Mission Statement:

*Inspired by the example of St. Vincent, we work together in a safe and caring atmosphere, where a high standard of education and care are provided. We encourage a sense of achievement, self-worth, moral responsibility and mutual respect, honouring all faith traditions and beliefs. Each one of us in our community is special and unique. Gifts and talents are valued and nurtured through all our work. We are outward looking in our approach to the wider educational and social community and we encourage all our young people to become independent and to integrate fully into society.*

The purpose of this handbook is to define areas of responsibility and outline procedures that operate within the school. The handbook provides a framework for information and directs volunteers to policy and protocols to be followed and where they may be located.

The handbook also provides a checklist of training needs and skills audit for volunteers.
